Dear Prof Yilmaz,

It is with great sadness that we follow the unfolding situation in Turkey. The EADV share the grief of all those which have been affected by this tragedy and on a personal note, we hope that you and your loved ones are safe and well at this time.

Our thoughts go to the Turkish citizens, physician colleagues and the dermatological society. We would like to express our sincere sympathy to the Turkish society, all fellow doctors and volunteers directly effected by this earthquake.

Sincerely,

Prof. Martin Röcken
